

STASH BUSTER

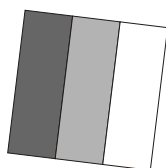

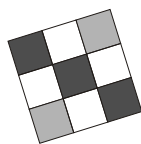

Block Exchange

WHAT IS IT? An exchange of a simple block using only your stash fabric.

WHAT IS STASH FABRIC? A growing pile of fabrics that you have collected over the years and is threatening to take over your house.

a SIMPLE BLOCK? REALLY? The blocks chosen are the basic building blocks of quilt designs. Nothing complicated here, in fact, most of these blocks don't require patterns!

How it works:

- 1) Come to my **Stash Buster** table and see what the exchange is for this month
- 2) There will be two different colour themes each month to choose from. Sign up for both if you like!
- 3) Based on how many people sign up, that's how many blocks you will make. This will be announced at the end of the meeting.
- 4) Go home with your simple instructions and make blocks, using **only** your stash. I know, you may want to buy new stuff for this, but resist! Think of all the new stuff you can buy once you have room in your house to put it!
- 5) Come to the next meeting with your neat pile of blocks, ready to exchange.
- 6) Take home your new pile of blocks and
 - a) be inspired to use them in a project that will be in our **Spring Quilt Show**
 - b) not be inspired but appreciate what you have learned and donate your blocks to **Victoria's Quilts**
 - c) be impressed with the results, admire everyone's sewing skills and still donate your blocks to **Victoria's Quilts** (way to go!)
