

Sunrise Clock Block
Pattern from
Fons & Porter's Modern Patchwork (Sept/Oct 2017)

From White fabric cut:

4 (5 inch) B squares

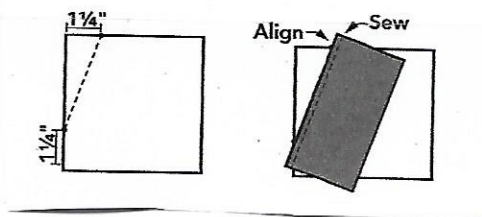

From each clock hand color cut:

2 ($2\frac{1}{2} \times 5$) A rectangles for hands

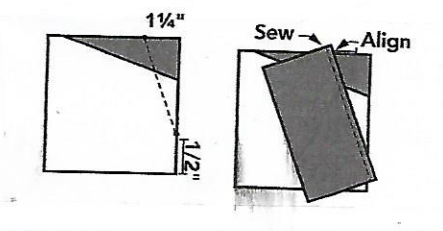

ASSEMBLY

Make the clock hands

1. Make marks on 1 B square $1\frac{1}{4}$ inches in from the top left corner and $1\frac{1}{4}$ inches up from the bottom left corner. Connect the marks.
2. Place an A rectangle on the B square, aligning the cut edge of A with the marked line on the square. Sew using a $\frac{1}{4}$ inch seam.

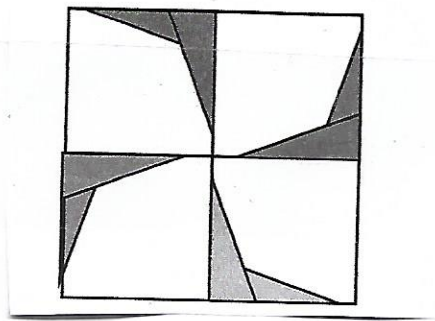

3. Press the A rectangle over the B square. Trim away the excess A rectangle using the B square corner as a guide. Trim the seam allowance to $\frac{1}{4}$ inch. This is the hour hand.
4. Place the hour hand unit right side up with the hour hand in the upper right hand corner. Make marks $1\frac{1}{4}$ inches in from the top right corner and $\frac{1}{2}$ inch up from the bottom right corner.
5. Line up the drawn line of the second A rectangle (the same color as the first) with the marks on the hour hand unit. Sew using a $\frac{1}{4}$ inch seam.

6. Press and trim as before. Make 4, one in each color.

7. Arrange the 4 blocks as shown below and sew in a four patch and press.

Happy Sewing!!
